25X1 MEMORANDUM FOR: [REDACTED]
25X1 FROM: [REDACTED]
Chief, Security Education Group
SUBJECT: Draft DCID 1/19 Comments

1. I have read the draft copy of DCID 1/19 and provide the following comments/observations:

Page 8, line 13 - I can see a great potential for abuse by both government and contractor entities in the use of PROXIMITY Approvals. In fact, it seems to me, the use of such a category of approvals is nothing more than a ploy to keep the numbers of specific SCI accesses at what appears to be a manageable level. It appears to me that the PROXIMITY Approval is nothing more than the old Byecome Access. If I am correct why give up the Byecome Access?

Page 9, line 40 thru 42 - I do not understand the sense or meaning of this specific criteria in relation to PROXIMITY Approvals. Can it be rewritten?

Page 13, line 29 - It would appear that a word has been omitted from this statement, I would suggest "those persons who express undue", i.e. adding the word "express" to the sentence.

2. As a general observation, I would like to know who are the SIO'S? Can they delegate their waiver authority to Program Managers? Will Program Managers in turn delegate this authority to the Security Officers on the respective program staff? What mechanisms are in effect to ensure that the DCI's Chief of Legislative Liaison will in fact be notified promptly of employer job changes or transitions to ensure updating of the 4C System? These are just a few of my concerns and they are submitted for your consideration.

It is recommended that the sentence on Lines 42 through 44 on Page 13 be changed to read as follows: "These include requirements to provide advance notice of unofficial travel and to be afforded appropriate defensive security briefings prior to official assignment or unofficial travel."

This recommendation was discussed with [redacted] C/SSC, who had no objection to it.
